101 Diefenbaker Place

(across from the Edwards School of Business)

Please RSVP to jsgs@usask.ca.

Government and the workings of the public sector impact us all. Those who understand how and why public decisions are made have an edge—not only in the public service but also in the private and non-profit sectors. Being able to understand the complex network of public and private interests that impacts society is what will set you apart in the workforce.

Think boldly. Get ahead.

Join us to learn about our graduate programs and take the opportunity to connect with some of our alumni currently working in government and in non-government organizations.

DID YOU KNOW?: 87% of students in our 8-month, paid Executive Internship program have transitioned to full-time employment, following completion of their master's degree.
