WORKING WITH GOVERNMENT

April 19, 2021
9:00 to 11:30 am and 1:00 to 3:30 pm
online workshop using Zoom

Businesses and non-profits are evolving and so are their relationships with governments across Canada. Because the government operates differently from the private and non-profit sectors, it is important to understand these differences so you can work effectively with the government.

Facilitated by:

TINA BEAUDRY-MELLOR

Chief Economic Growth Officer at
Economic Development Regina
and former Minister with the
Government of Saskatchewan

This workshop offers an orientation to government systems and the context for the public service and the elected. Participants will have an opportunity to examine the opportunities and constraints in a working relationship with government partners.

ALASTAIR MACFADDEN

Executive in Residence at JSGS

By the end of this workshop, you will:

- understand who is who in government, who to talk to, and when to talk to them;
- gain clarity on how to frame a problem and craft a good "ask";
- get advice about building relationships with government partners; and,
- learn about the ins and outs of lobbying: who is a lobbyist, what lobbying is, and when and how to register as a lobbyist.

Registration is now open:

Cost: \$350 per person + GST
