

## **GOVERNANCE - PROFESSIONAL DEVELOPMENT**

## GOVERNANCE FINANCIALS

Tuesday, October 19, 2021 9:00 a.m. -12:00 p.m.

Online (via Zoom)

Every Board member should be financially literate and has a responsibility to obtain the necessary knowledge and skill to participate effectively in the financial decisions of the Board. Board members need to know what questions to ask, when to dig deeper and understand the assumptions and trends that are being used and considered. In the public sector, Board members also should have a general understanding of Government finances and how to use this information to make good decisions at the Board level. During this session, we will also talk about the role of an annual audit and the Audit and Finance Committee.

Join us to help demystify Board financial oversight. Learn more about how to look for red and yellow flags and build your confidence at the Board table. This session will also provide hands-on activities to practice your news skills.

Please join us.
