

# kiskēyih tamowina First Nations University Board Governance Program

**Public Offering  
Fall 2022**

Good governance and oversight is necessary to ensure the organizations and leadership we rely on meet their legal responsibilities to the people they serve. Board members need to have the skills and abilities to serve the mandates of the organization while honouring the traditions and values of their Nation. That can be a tricky balancing act! This program will give you the information you need to help navigate governance with confidence to ensure your voice and experiences are represented around the Board room table.
