LEAD FROM WITHIN

- ✓ *Do you strive to provide public programs and services that make your community and province a better place?*
- ✓ *Do you occasionally struggle with how to get it all done and how to make the best use of everyone's time and talents?*

If so, our program can give you the insights, knowledge and understanding to govern your municipality, or provide support and advice to your elected, with confidence. This online offering of the Municipal Sector Governance Program is delivered through a combination of online study, including engaging videos and interactive activities which you can work through at your own pace, and live webinar sessions that connect you with experienced facilitators and your peers to explore the training topics as they relate to your governance experience.
