

LEAD FROM WITHIN

Public Sector Governance Program

September 14, October 19 & November 2 | Regina, SK

Certified by the University of Saskatchewan and the University of Regina

Are you a member of a board that works to serve the public interest? Do you work hard to provide services and advance policy objectives that make your community and province a better place? Are you a school trustee, a member of a town or RM Council, or a representative on a Crown, Municipal board, or other public sector agency or commission? Maybe you work with a board in the role of administrator, support person or public servant? If so, our program can give you the knowledge and understanding to govern your organization with confidence.

The program is delivered in a manner that engages participants in small and large group work with opportunities to ask questions and explore how the topics connect to their experiences with governance. The curriculum has been developed with the nuances of governing a public sector entity, how it connects to government, and how to work effectively in collaboration with government.
