

PUBLIC SECTOR GOVERNANCE PROGRAM

LEAD FROM WITHIN

Winter 2026

Are you a member of a board who works to serve the public interest or an administrator or support person who works with a public board? Do you strive to provide public services to make your community and province a better place? If so, our program can give you the knowledge and understanding to govern your organization with confidence.

This online offering of the Public Sector Governance Program is delivered through a combination of online study, including engaging videos and interactive activities which you can work through at your own pace, and live webinar sessions that connect you with experienced facilitators and your peers to explore the training topics as they relate to your governance experience.
