## Project Details

### Lay Project Summary

Using up to 300 words, provide a summary of your research in easy-to-read general language that individuals outside or not familiar with your field of study can understand. Please include: overall purpose; study objectives; general methodological approach; importance to research area.

Lay title of research (one line only):

## Space, Facilities and Support

In 300 words or less please describe the space, facilities and personnel support that is available to you. If this is a community-based project please indicate the community, any pre-existing relationships you or your supervisor have with this community, and any resources that have been committed to support this project.

## Education, Training, and Career Expectations

Using 250 words or less describe what you expect to learn and the skills you plan to develop during the research period. In particular, detail what training and resources you will draw upon to further your knowledge of patient-oriented research and Indigenous community based research. Address how your research and graduate training will build on and advance your career goals.

## Other Relevant Lived Experience

Using 150 words or less describe any other experience (including personal experience, experience with family and friends, and within communities) that contributes to your knowledge about this research topic and Indigenous health and wellness.

### Other Current, Pending or Possible Applications or Funding

Please indicate below any other current award applications that you have made, or will be making, and the expected notification results date.

Program	Agency and Due Date	Expected Notification Date

### Letters of Reference

#### **Student**

Have **two** people under whom you have studied or worked with complete a ratings form and letter of reference by **August 14, 2020**. Please send your references the attached guidelines for format and submission instructions. They are to submit their letter directly to [grad.funding@uregina.ca](mailto:grad.funding@uregina.ca). One letter must be from your graduate supervisor using their institutional email and letterhead where possible.

- Letters of Reference and Ratings Form (Appendix A)

Sponsor	Email

### CV

Please fill out and attach a common cv found at <https://ccv-cvc.ca/?>

### Transcripts

All official or unofficial post secondary transcript must be included.

### Proof of Indigeneity

If applicable, supporting documentation will be required as proof of Indigeneity.  
(ex. Status Card, Métis Citizenship Card, etc.)

## Appendix A: Letters of Reference

Please submit full application documents to [grad.funding@uregina.ca](mailto:grad.funding@uregina.ca) by **August 14, 2020**.

Two reference letters must be provided. One must be from your graduate supervisor.

Please title your email as follows: student's last name, first name, SCPOR/IPHRC Reference Letter

Please send a completed copy of the below rating form and a 1-page statement that explains your ratings as well as the following questions:

- 1) How long and in what capacity have you known the applicant?
- 2) The selection committee is particularly interested in having your frank appraisal of the applicant's preparation, abilities, and potential as a researcher. Please identify any particular strengths or weaknesses in this candidate.

Name of Reference: \_\_\_\_\_

Rating Form		Rarely Exhibits 1	Sometimes Exhibits 2	Often Exhibits 3	Always Exhibits 4	Unable to Judge 5
<b>Critical Thinking</b>	Judicious valuation of all information, regardless of its source					
<b>Independence</b>	Pursuit of knowledge or taking of action on own initiative; seeking guidance only when appropriate					
<b>Perseverance</b>	Determined persistence in pursuit of goals despite obstacles or discouragement					
<b>Originality</b>	Imagination or ingenuity in problem solving					
<b>Organizational Skills</b>	Systematic, careful planning and coordination of activities					
<b>Interest in Discovery</b>	An inquiring mind and a strong desire to pursue new knowledge					
<b>Research Ability</b>	A natural talent or acquired proficiency for scientific investigation					

*Please indicate your perception of the candidate on each dimension by checking the box score which best reflects your view of the candidate's performance. A checking of two adjacent scores is acceptable and will be interpreted as the mean of the two (e.g., checking 3 and 4 generates a score of 3.5).*

### **Page setup and formatting for Letters of Reference:**

- **Margins:** 2.25 cm
- **Page:** 8.5" x 11"
- **Font:** 12 point, New Roman Times
- **Line Spacing:** single-spaced

### **Information needed on the Letters of Reference**

- Applicant Name
- Name and Title of supervisor
- Supervisor Department
